

BRYN GLAS

Sites Directory & Handbook 2015/16 p533

Stay here for the views. And the flowers. And the eggs.

Owner Mervyn Wynne used to work on the Isle of Man as a horticulturist, and has brought his skills to a site that is truly amazing when everything is in bloom. Wife Beryl is a custodian for three local castles - Rhuddlan, Denbigh and Conwy - and is an accomplished artist who has been known to do paintings of guests' pets. If you tire of the castles, alternative local attractions include Bodnant Garden, Llangollen railway and Llyn Brenig reservoir. Arrive on site and you'll be welcomed by the Wynnes' Manx cats and/or corgis.

Location: Saron, Denbigh

Call: 01745 550396

Pitch type: hardstandings for five (maximum vehicle length 8m)

Facilities: 15A hook-ups, tourist information room

Dogs allowed? Yes

Adults only? No

Open dates: all year

MEET THE OWNERS

Mervyn & Beryl Wynne

When did you set up your CL?

"All we wanted when we came here was to set up a neat CL. That was in 1998, and within two years we'd added electric hook-ups to the hardstandings. I'm a horticulturist. In summer we have at least 30 hanging baskets and more here."

Can you describe a typical visitor?

"We tend to be busy in the spring - people like to come and try out their caravans here. WE attract walkers and mountain bikers. We give all our guests half-a-dozen eggs along with an information pack when they arrive. Our site is situated in an area suitable for walkers, fishermen and historical visits. We are more suited to older caravanners looking for a peaceful, quiet site with lovely views. The best time to come is in the second week of July. That's when we have everything spick and span for the Wales in Bloom judges."

And the castles?

"Everyone ignores Rhuddland Castle, but it's the most interesting one. The Treaty of Rhuddlan was signed there ... and the first ever Prince of Wales was presented there. Denbigh is the closest, however."
